

The IYRA Chronicle

Grades III and IV · Bi-Monthly Learning Journey

JUNE – JULY 2026

The months of June and July marked an exciting phase of deeper learning, exploration and growing independence for the students of Classes III and IV. Academic transaction was conducted as per schedule. Clubs were introduced to bring in skill development. Students engaged with new concepts, challenged themselves to think critically and participated in experiences that encouraged collaboration, responsibility and purposeful learning. PAI tests were conducted as part of Assessment of Learning.

GRADE 3 & 4 ACADEMIC HIGHLIGHTS

English

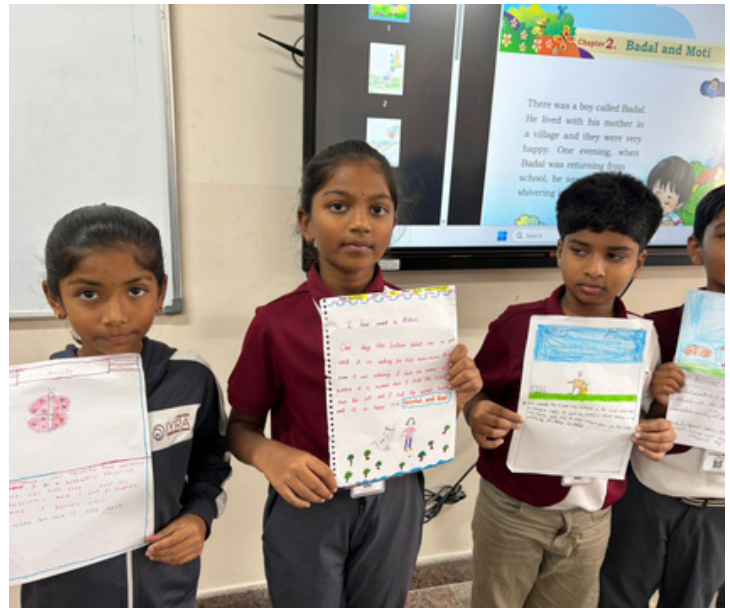

Kindness in Every Line

Students wrote short stories inspired by Badal and Moti. They learned kindness by imagining how to help injured and homeless animals with care and compassion.

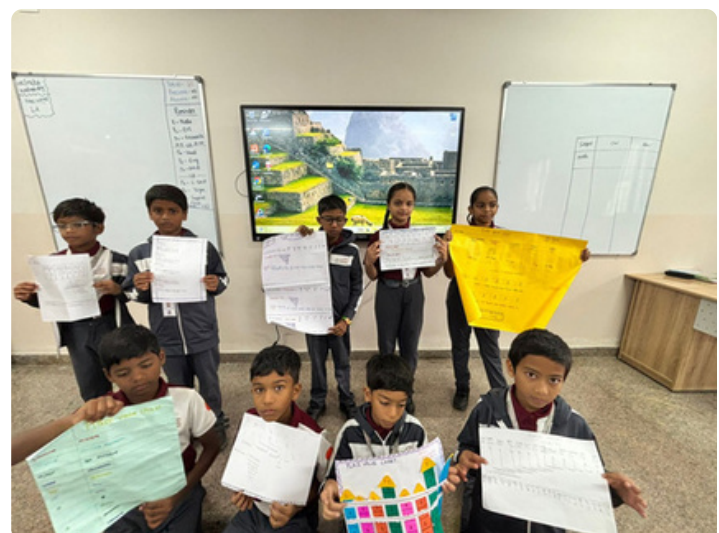

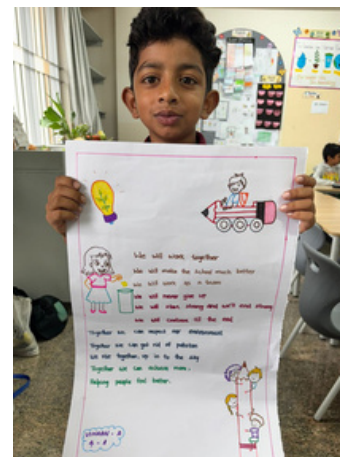

Creative Paragraph: The Setting of "Tinkling Bells"

Students put on their creative caps and wrote and created with illustrations on 'The setting of Tinkling Bells.'

Theme-Based Paragraph Writing: Together We Can

Every big change begins when people work together. Students drew posters, wrote rules, and worked on spreading an important message.

GRADE 3 & 4 ACADEMIC HIGHLIGHTS

Maths

Students used their experiential learning kit to create the largest and smallest numbers using different digits. This hands-on activity strengthened their understanding of place value, number formation, and logical thinking while making mathematics engaging, interactive, and fun.

Students enthusiastically explored addition and subtraction through engaging number stories and Polya's Four-Step Problem-Solving Method — Understand the Problem, Devise a Plan, Carry Out the Plan, and Look Back. By connecting mathematical operations to real-life situations and following a systematic approach, they strengthened their problem-solving skills, logical thinking, confidence, and understanding of number concepts. The activities made learning fun, interactive, meaningful, and engaging.

GRADE 3 & 4 ACADEMIC HIGHLIGHTS

Science

Our Green Corner

Students went green by bringing their own plants to create a special green corner in the classroom. By caring for their plants every day, students learnt responsibility, developed a love for nature, and made their learning space fresh and lively.

Plant Parts Through Storytelling

Students explored the different parts of a plant and their functions through a fun storytelling activity. Children created and enacted their own stories, making learning engaging and enjoyable. The activity helped them understand plant parts and their functions in a creative and meaningful way.

Why Conserve Animals?

As part of the EVS chapter "Nature Trail," students explored how plants and animals depend on each other to keep our planet healthy. Through a fun paper turtle activity, they learned that every animal plays an important role in nature and that conserving wildlife and protecting habitats is essential for a healthy planet.

GRADE 3 & 4 ACADEMIC HIGHLIGHTS

Hindi

Grade4 • फलों की कहानी (The Story of Fruits)

इस गतिविधि के माध्यम से विद्यार्थियों ने विभिन्न फलों के हिंदी नाम, रंग तिथि उन्हें खाने के लाभ सीखे। विद्यार्थियों ने सेब, केला, आम, संतरा, अंगूर और अमरूद जैसे फलों को पहचानकर उनके नाम हिंदी में बोले।

फल का रंग	रंग	खाने के लाभ

अमरूद	हिरा	विटा मन C और फैाडबर से भरपूर, पाचन में मदद करति है।

नष्क र्जा: फल हिमारे ेशिरीर के लएबहुति लाभिकारी हिं। हिंमेंरोज़ानाफलखानाचा हिंएऔरस्विस्थरहिंना चा हिंए। — Conclusion: Fruits are very beneficial for our body. We should eat fruit daily and stay healthy.

Grade 3 • Onam Pookalam Making Activity

Students enthusiastically participated in the Onam Pookalam making activity using fresh flowers. Through this creative activity, they learned the names of different flowers in Hindi and identified various colours in Hindi. It helped improve their vocabulary, creativity, teamwork, and appreciation of Indian culture and festivals. The activity made learning enjoyable while developing observation and artistic skills.

GRADE 3 & 4 ACADEMIC HIGHLIGHTS

Kannada

Grade 3

Students did a chart activity to understand and learn accurate pronunciation of double consonants.

Grade 4

Children did an activity to promote the qualities of kindness and mercy toward living beings.

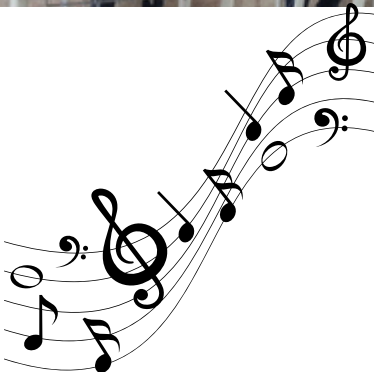

BEYOND THE CLASSROOM

Music

Singing for a Greener Tomorrow

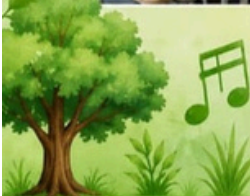

Our little singers raised their voices with joy and enthusiasm, spreading the important message of caring for our environment. Through this beautiful environmental song, they learned that small actions like saving water, planting trees and keeping our surroundings clean can make a big difference. Let's all join hands to protect our Earth and build a greener tomorrow!
